About me:

I held the position of Lecturer at Technical University of Civil Engineering Bucharest, Faculty of Building Services Engineering. The main responsibilities consist in holding courses, seminars and laboratories in the following subjects: Thermodynamics, Heat transfer, Refrigeration, Heat equipment. To develop my skills required for this function I attended the courses of Trainer, Project manager and Expert in accessing European funds. I have experience in quality management gained since 2006 when holding the charge of the INSIST laboratory quality management, part of the Technical University of Civil Engineering Bucharest. I am responsible for the staff training to implement quality management system and I am also responsible for risk assessment.
